Express Train Service.

Officials of the Philadelphia and Reading Railroad at this place were notified last week that the new train schedule being prepared to go into effect at an early date provides a through express train from New York City to Gettysburg. The road has been running such a train to Harrisburg by way of Easton, Allentown, Bethlehem and Reading and it is proposed to continue this train with parlor car service to Gettysburg, arriving early in the afternoon, and the return train leaving shortly after the arrival of the incoming train. This train would put Gettysburg within six and a half hours of New York and with good connection for Philadelphia and other points. It is also proposed to reinstate the Pullman car service to Philadelphia operated last summer, leaving here in the morning and returning by the evening train. It is expected that the express train will cover the distance between this place and Harrisburg in about an hour and a half with few, perhaps no stops. The Reading Railway is certainly to be supported by our people in their efforts to give this place good train service, for such service means much to the town.

MAJOR SCHOFIELD NAMED

To Go to Gettysburg and Secure Site and Manuever Area.

A communication was received on Monday by R. C. Miller, a member of the Merchants' Retail Association of this place from Capt. Wells, informing him that Major R. M. Schofield, Quartermaster U. S. A., had been detailed to go to Gettysburg and make all final arrangements with the land owners for the camp site and manuever area for the encampment of the Regular Army and Militia of the States at Gettysburg during the coming summer. Major Schofield may be expected at a very early date. His presence means that it is up to the land owners whether Gettysburg shall have the greatest encampment that has ever been held here. One that will bring thousands of people here, one lasting a month or more, and one that will leave thousands of dollars in this community. Satisfactory terms will give us all this, and more.

The contract with the farmers for manuever area will provide for use of land in moving troops over the same and will provide full compensation for any and every kind of damage that could be done. Other places have offered very low prices for land as a camp site, as low as \$1 an acre. Between 300 and 400 acres will be wanted for a site and while Gettysburg will not likely be asked to provide a site at any price as the one offered at \$1 an acre, yet it is expected that a reasonable, satisfactory price will be named.

Brigadier General Witherspoon, president of the Army War College, has been selected to command all the troops in the camp of the Regular Army and Militia at this place in July. According to the General Orders a portion of the regular troops will march here. Dismounted troops within 100 miles and mounted troops within 150 miles will march here.

The Third Brigade of the National Guard of Pennsylvania has been designated to drill with the Regulars here and unless their assignment comes at a time when the N. G. P. are here they will not be here at that encampment. The Third Brigade is composed of the Ninth, Twelfth and Thirteenth Regiments and with them in the Regular camp will be the three troops of Philadelphia Cavalry, First, Second, and Troop A, and Battery B of Pittsburgh.

In the Regular camp the Militia of Pennsylvania, New Jersey, Delaware, Maryland, District of Columbia and Virginia will participate and the camp will be divided into three periods, and the troops from these States will be arranged to cover the periods.

Does it pay?—Does it pay to buy building lots at the East End of Gettysburg? Lots which I sold some time ago have been resold by the purchasers as follows: Four 30 foot lots bought at \$6.00 sold within nine months at \$7.00 front foot on Hanover street. Three 30 foot lots bought at \$6.00 sold for \$9.00 front foot on York street. There are still choice lots for sale on York, Hanover, Fourth and East Middle streets. Buy now; prices will never be lower.

A FIRE AND THREE STORIES

A CRIPPLED FIRE ENGINE PRESENTS QUESTION FOR COUNCIL

Lack of Water Pressure Calls for Courageous, Immediate Action by the Water Company.

Gettysburg had a fire about midnight on Tuesday of last week. Human affairs are so associated that one event often develops several points of view and this was the case of the fire. It had three points of view, all worthy of the consideration of our citizens: first the story of the fire; second, of the fire engine, and third of the water pressure or lack of it.

Story of the Fire.

The fire started in one of the buildings at rear of lot of Mrs. J. A. Tawney on Chambersburg street occupied by John Shearer for butchering business. The buildings at rear of lot were slaughter house, stable and ice house, and the fire had such headway by the time the Fire Company was on the ground that all the buildings were enveloped in flames and had spread to the adjoining barn of Harvey Adams, and the dwelling on Washington street occupied by Harvey McClellan and the garage of George Eberhart were threatened as well as other near buildings.

The Fire Company, though doubly hampered did their usual effective work. Several streams from plugs were soon obtained, but the pressure was such that the firemen had to get very close to the flames, but when they got to work the fire was soon under control.

The buildings on the Tawney's were totally destroyed with their contents. The Adams barn was quickly emptied of its contents, as well as other buildings. In the Eberhart garage were a number of automobiles and they were run out. The flames at one time so threatened the dwelling in which the McClellan family lived that quite a large quantity of their household goods were removed.

Mr. Shearer lost his butchering outfit in the buildings, a wagon and other goods, and estimates his loss at about \$500 with \$250 insurance. The loss of the building of Mrs. Tawney is estimated at \$700 with \$335 insurance. Mr. Adams had \$100 insurance on his stable.

Story of the Engine.

The fire developed the fact that the fire engine, General Meade, which has helped to valiantly fight all fires for the past twenty-five years, is in a crippled condition, and can not do effective work because of breaks. The engine was at Dr. Dickson's corner and soon after being fired up was discovered to be leaking so badly as to be difficult to keep the fire going. But the engine men kept it going, giving all help possible and materially aided in getting the fire under control.

But Gettysburg cannot get along with a crippled engine and must have an engine fully equipped to fight any fire. Just what is best is being discussed by firemen, councilmen and citizens. It is believed by many that the engine could be rebuilt by the manufacturers and be able to do good work for many years to come. The Town Council have taken the matter up and will have the engine examined and rebuilt if that seems to be the best plan, and while that will be going on they should secure the loan of an engine. If the engine should be beyond rebuilding a new one will of course have to be bought, but this will not likely be necessary. If General Meade could be made to do service for some years to come, a time might be reached when the town would be in a better position to buy an automobile fire engine, the ideal engine for a place like Gettysburg, needing no horses and always ready to go to a fire and with power to help at the fighting. There are citizens who are of the opinion that the town should have a chemical engine. Such an engine can be bought for \$800 and if Council can see the way to finance the rebuilding of Gen. Meade and at the same time purchase a chemical engine it might be wise to do so.

Story of Water Pressure.

When the firemen arrived at the scene of the fire they attached several lines of hose direct to the plugs, and while good streams have frequently been obtained in this way before, yet on Tuesday night such was not the case. Men who ought to know said the water pressure that night was about 20 lbs. and weak streams ran from the nozzles and the men had to get up on ladders to get the stream on the roofs. There was no lack of water in Marsh Creek for the rains had arrived and there was a good supply of water in the reservoir on East Cemetery Hill, but the fact was glaringly demonstrated in the full flare of a fierce fire that the water pressure can not be depended upon to help much at a fire. The water pressure has never been strong and if anything is becoming weaker.

Now what's the matter? That is the question for the Water Company candidly to face and with courage to correct. The directors of the company are leading citizens of this place. Dr. W. H. O'Neal, Judge S. McC. Swope, Hon. D. P. McPherson, Prof. P. M. Bickle and John M. Warner, and they are invited to quickly and satisfactorily solve this question of protection from fire of every home in the town.

VERY SHORT APRIL COURT

CONSTABLES GIVE COUNTY A CLEAR BILL OF HEALTH.

Grand Jury Act on Six Bills of Indictments—Pleas of Guilty Entered in a Number of Cases.

The regular April court convened on Monday morning before President Judge S. McC. Swope and Associate Judges W. Howard Dicks and Leo Smeeringer.

The constables were first called and sworn and handed up their returns, giving the county a very clean bill of health. There was but one offense reported, a bastard child born in Oxford township, mother Mary Strausbaugh, reputed father Stan. Carbaugh, and the case was reported settled. In Mr. Joy township the hand rail was reported not up at Alloway's bridge, and in Hendersville, an index board was down at point on Arendtsville road, intersection of road leading to Fairmount school house on State road.

The Grand Jury was then sworn and briefly charged by the Court upon their duties. Charles W. Bucher of Mt. Joy township being appointed foreman of Grand Jury.

John E. Reese of Hamiltonban and Jesse L. Group of Huntingdon, were appointed stipstaves for the April court.

Miscellaneous.

The report of viewers laying out a public road in Reading township from a point on public road leading from Hampton to Carlisle road to a point on road running from Carlisle turnpike to Heidersburg known as the Menallen road, was confirmed nisi, road to be opened to width of 28 ft.

The return of sale of real estate of Jonathan Pittenturf, deceased, as made by his administrator, L. C. Pittenturf to Sallie K. Mummert, for \$875, was confirmed.

John L. Myers was discharged as guardian of Bernice E. Gable, minor child of Lewis Gable, late of Reading township, having paid to his ward now of age, balance in his hands of \$2425.14.

J. L. Butt was discharged as guardian of Charles E. Grimes, minor child of J. W. Grimes, late of York Springs, having paid ward, now of age, balance in his hands of \$978.79.

Sarah M. Weikert was discharged as administratrix of estate of Levi Weikert, late of Cumberland township. Bond of Wm. Hersh, trustee for sale of real estate of Daniel Beltman, deceased, a tract of land in Huntingdon township, in \$1000, was approved.

The widow's list under \$300 law in estate of Michael Kugler late of Fairfield, taking the same part in personal and part in real property, was approved unless exceptions are filed in 20 days.

Work of Grand Jury.

SOMETHING SHE DIDN'T KNOW

Colored Lady Evidently Had Standing in the Best of New York Society.

Two ladies, strangers to each other, were seated upon a bench on the platform of a New York suburban station waiting for a train. One of them was young, pretty, and very stylishly dressed. There was plenty of room on the bench and a neat-looking colored woman leading a spotlessly clad little pickaninny by the hand, came and sat down between the two women. As she did so the younger got up and began pacing up and down the platform. The darky's eyes blazed and she was offended at once.

"Hub!" she exclaimed, ostensibly addressing the four-year-old pickaninny, but really speaking for the benefit of the lady at the other end of the bench. "She's got bad blood in her, all right—thinks cos she's got good clothes, she owns dis bench."

"Why did she get up Auntie?" asked the child.

"Cos she thinks she's too good to sit aside of us," blustered the woman. "Can't anybody sit on these benches, Auntie?" questioned the child.

"Of course they can, chile—but she thinks just cos she's got good clothes she's too good to sit aside of us. Little she knows," in a louder key, "little she knows dat Mrs. Astorbilt comes and sits in our house by de hour—little she knows dat I reckon."

NEVER TOUCH THE SURFACE

What Happens When Drops of Water Are Scattered on Top of a Hot Stove.

It is impossible to throw a few drops of water on a red-hot stove. The water can never touch the stove at all. What is seen is a few drops rolling rapidly over the surface, gradually getting smaller until they disappear. If the drops are on a perfectly level place one can see under them to the other side of the room, thus proving that they are not in contact with the stove itself.

What actually happens is that the bottom of the drop changes at once to steam or vapor on coming close to the hot surface, and this vapor is supplied by the drop as it gradually goes away. So the drop rests on a cushion of vapor until it is entirely dissipated. This state of water is known as the spheroidal state, and is of interest on account of its peculiar and seemingly paradoxical behavior.

The reason why the drop is not immediately evaporated or changed to steam is also very interesting. The water vapor that intervenes between its under surface and the red-hot stove is a very bad conductor of heat and consequently the full intensity of the heat cannot get into the water itself, only the amount transmitted through the vapor being available for this purpose.—The Sunday Magazine.

Her Husbands.

It is said that before a man has discovered the color of a girl's eyes she is planning her trousseau and leading him to the altar—but

The bachelor girls' destination necessitated their going through Woodlawn cemetery, in New York, a portion of the city they had never before visited. They stopped for a long time on the bridge which crosses the lake to admire the wonderfully well-kept banks, which slope down to the edge of the lake, with here and there some artistically arranged shrubbery serving as a background. As they cast a last look at the island, situated at one end of the lake, which is so tiny that one wonders how the large willow tree standing at the water's edge with its drooping branches hanging so low that they sweep backward and forward in the water with the wind, could possibly have grown there, one of the bachelor girls was heard to remark to her companion: "Wouldn't this be an ideal place to bury one's husbands and come and weep over their graves?"

Open-Air Barbers in Spain.

Fingers that smell of garlic, soap that gives no lather, a razor that may have been used for cutting a raw ham, and a flourish that reminds one of an executioner rather than of a barber—such are the qualifications of the itinerant Spanish hairdresser, declares a writer in the Wide World. The victim—we use the term advisedly—must be a patient, long-suffering man, neither the slave of time nor of any petty feelings such as delicacy and sensitiveness, as otherwise he will fare badly at the hands of his torturer. For the Spanish open-air barber is a calm man, who takes everything for granted, and never for a moment doubts that you are satisfied with his attentions and will pay him accordingly.

A Peculiarity of Dreams.

As to dreams, there was a discussion at the club lunch, and one man remarked that no man dreamed of himself as braver than he is. When the dream came, the dreamer was always the under-dog. He was in horrible danger, and never did anything picturesque to face it. There may be men who are brave in their sleep. But it would be interesting to find one man outside of the dozen sleeping cowards who is a hero in a dream.

Up-to-Date Romance.

"At last we are alone!" he murmured, as the ship rose above the city. "Wait a minute!" she exclaimed. "There's somebody rubbing through that skylight!"—Pack.

The Penn Memorial.

The offer of the Pennsylvania Society of New York to place a memorial of William Penn, the Quaker founder of Pennsylvania, in the Church of All Hallows' Barking, in the financial district of London, has been accepted. It is now an undisputed fact that Penn was christened in the church of All Hallows', nevertheless the choice of the site for a memorial of him arouses criticism.

"A more unsuitable place to erect a memorial to William Penn, the Quaker, than in a State church it would be difficult to select," says one London newspaper. "Penn coreligionists—the Quakers—were persecuted with great bitterness by the Church of England in his day, thrown into noisome dungeons and heavily fined."

"It was to escape the persecution of the Anglican Church that Penn founded his colony beyond the seas. There are several Friends meeting houses in London and various other public buildings where an American memorial to William Penn might have been placed. This site is an absurd one."

Greatest Depot in the World.

The recent opening of the greatest railroad depot in the world has been everywhere recognized as a monument to the genius of one who was a grandson of old Adams, for the grandfather of the late Alexander J. Cassatt was a native born citizen of Adams County.

A few years before the death of Alexander J. Cassatt, president of the Pennsylvania Railroad, he declared that he could not reconcile himself to the idea that a railroad system like the Pennsylvania should be prevented from entering New York, the most important and populous city in the country, by a river that was less than a mile wide. As a result of this thought a tunnel extension project was launched in the shape of the New York Tunnel Extension, which when it is put in operation within a few months will be the costliest improvement ever completed by a railroad and one that is of far-reaching importance to industry and to the traveler.

This monumental improvement will enable passengers to go direct from Eastern, Western and Long Island points into the very heart of Manhattan Island, where they will leave the trains in the largest station in the world, one that covers nearly 10 acres of most valuable property. The twin tubes through which the trains will soon be whirled under the North and East Rivers to the station by powerful electric motors have been drilled under a section of New York second in importance only to the financial district and one that includes the larger hotels, retail shops, theatres and many residences. The construction of these tunnels through rock and mud, beneath two rivers and undermining New York city, was probably the boldest engineering feat ever undertaken and was due to the decisiveness of the Philadelphia, A. J. Cassatt.

It is impossible to analyze fully the effects the great tunnel extension will have on the transportation conditions in New York, but it is most obvious that the present change to water transportation at Jersey City will be materially reduced. The greater part of the 91,000 people who daily use the ferryboats will be practically eliminated from the problem. Each one of these 91,000 riders on the Pennsylvania lines will be landed in New York 10 minutes quicker than at present. To shorten their ride and to relieve them of the change to ferryboats the company is completing the expenditure of nearly \$100,000,000. The outlay to give such an apparently small amount of return seems stupendous, but it is the direct working out of the aim of the railroad world—better service.

The new station, which is bounded by Seventh and Ninth avenues and Thirty-first and Thirty-third streets, is colossal and, while it expresses to a great degree the exterior design of a railway station in a generally accepted form, it also gives the impression that it is the gateway, and entrance to a metropolis. The tracks are far below the street level, and the absence of the conventional transposed is noticeable. The structure is really a big bridge over the tracks with entrances to the streets on the main axes and the four sides.

GO TO THE RESCUE.

Don't Wait till it's Too Late—Follow the Example of a Gettysburg Citizen.

Rescue the aching back. If it keeps on aching, trouble comes. Backache is kidney ache. If you neglect the kidney's warning, Look out for urinary trouble—diabetes.

This Gettysburg citizen will show you how to go to the rescue.

Harry J. Tawney, 9 Steinwehr Ave., Gettysburg, Pa., says: "We publicly endorsed Doan's Kidney Pills two years ago and at this time willingly speak in their praise again. My back ached almost constantly and at times I could hardly get around. The kidney secretions gave me much annoyance by their irregularity in passage and I was lame and stiff. Seeing Doan's Kidney Pills advertised, I procured a box at the People's Drug Store and they positively and permanently cured me. I have been in good health ever since. I know of a number of other people who have taken Doan's Kidney Pills and in each case benefit has been received."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

Ostermoor

Yes, this is the Ostermoor Mattress you have heard of and seen advertised so many years. The one that's built of eight interlacing Ostermoor sheets, which after being hand-laid and sewed within the tick is ready for you to sleep on for the rest of your life and then bequeath to your heirs. There is one record of three generations sleeping on the same Ostermoor. It has been in satisfactory use for fifty-two years and that is a pretty good record for durability— isn't it?

Come in and let us show you the Ostermoor

and explain why it is proof against dust, moisture, and vermin and never needs any renovation but a sun bath. Our stock will enable you to examine and test before you buy.

PUBLIC SALE

OF VALUABLE TOWN PROPERTIES.

ON SATURDAY, APR. 30, 1910, the undersigned executor of the last will and testament of Lewis E. Kumerant, late of the Borough of Gettysburg, Adams county, Pa., deceased, will offer at public sale the following described real estate, all of which except No. 10, the wood lot, is situated in the Borough of Gettysburg:

Lot No. 1. Fronting about 30 feet on West Middle street, adjoining on the east side of Philip Henrich lot No. 2 on the west, and extending back 103 feet to a fence, improved with a 1-2 story frame dwelling with a porch and outbuildings, together with the privilege of setting water from the well on lot No. 2.

Lot No. 2. Fronting 30 feet on said West Middle street, adjoining No. 1 on the east, West street on the west and running back 103 feet to a fence, improved with a 1 story log dwelling house, out buildings and well of water—the right to the use of which is reserved for the use of the lot.

Lot No. 3. An unimproved lot fronting 77 feet on West street, immediately in the lot of Lot Nos. 1 and 2, adjoining a public alley on the south and lot of Philip Henrich on the east.

Lot No. 4. Fronting on the north side of West Middle street (Fairfield road), adjoining on the west lot of C. E. Tate and J. E. Blair on the north and east, containing about 98 perches, improved with a 2 story frame dwelling house, with city water, and outbuildings.

Lot No. 5. Fronting on the west side of Carlisle street, being parts of town lots Nos. 52, adjoining lot of C. E. Tate on the south and lot of D. McCleary's heirs on the north, improved with a 2 story brick dwelling house, outbuildings and a good livery stable of about 40 feet long. This property is within a half square of the Center Square of the town and also within the square of the Western Maryland station and an excellent location for business purposes.

Lot No. 6. Fronting about 60 feet on the south side of Chambersburg street, running back 180 feet to a public alley, adjoining lot of J. A. Hartman on the east, lot of James Caldwell on the west, improved with two buildings, one a 2-1/2 story frame dwelling with a large stable on the rear and other outbuildings. This is a good business location and also desirable for a home.

Lot No. 7. Fronting 29 feet on the east side of North Washington street, adjoining Benner lot on the north, lot No. 8 on the south, Sweeney lot on the east, and improved with a 2 story frame dwelling house with back building and out buildings.

Lot No. 8. Fronting 18 feet on the east side of North Washington street, adjoining lot No. 7, on the west, and lot No. 9 on the south, lot of Mrs. Sweeney on the east, improved with a 2 story frame dwelling with small back building and out buildings.

Lot No. 9. A wood lot situated in Highland township, Adams county, Pa., on the top of what is known as "Bar's Hill," containing lands formerly owned by W. Kerr, Beidler, and formerly Hugh McGaughey, containing 7 acres and 182 perches more or less. This tract is well covered with growing timber, having been cut over for about 30 years.

Sale will commence on Lot No. 1 at 10:30 a. m., and then in order Nos. 2, 3 and 4, Lot No. 5 (Cash sale), Lot No. 6, 7, 8, 9, 10, the wood lot, on No. 6, No. 7, No. 8 and No. 9.

All the town properties, except the dwelling with store room on Lot No. 6, are under lease for the ensuing year, and will be sold subject to the leases which will be given to the purchaser with the deed. The terms will be 10 per cent. cash on day of sale, the balance to be secured by a note with approved security, payable on Sept. 1st, 1910.

Dr. Pierce's Favorite Prescription

Is the best of all medicines for the cure of diseases, disorders and weaknesses peculiar to women. It is the only preparation of its kind devised by a regularly graduated physician—an experienced and skilled specialist in the diseases of women.

It is a safe medicine in any condition of the system. THE ONE REMEDY which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants.

THE ONE REMEDY so good that its makers are not afraid to print its every ingredient on each outside bottle-wrapper and attest to the truthfulness of the same under oath.

It is sold by medicine dealers everywhere, and any dealer who won't it can get it. Don't take a substitute of unknown composition for this medicine of known composition. No counterfeits is as good as the genuine and the druggist who says something else is "just as good as Dr. Pierce's" is either mistaken or is trying to deceive you for his own selfish benefit. Such a man is not to be trusted. He is trifling with your most priceless possession—your health—may be your life itself. See that you get what you ask for.

A LAPSE IN DOCTRINE

By FLORENCE E. STRYKER

(Copyright, by Short Stories Co., Ltd.)

She laid the letter down on the table, with a smile, and looked kindly across at the eager face opposite.

"I am afraid you will not like my advice, and I know you won't follow it. It depends whether you want in life the romantically tender, or the practically worth while. I am a cold-blooded creature, Grace, and must acknowledge a good income always has more attractions for me than love in a flat, minus cooks and front seats at the opera."

The other girl colored hotly, and then, with a gesture half tender, half resentful, picked up the letters from the table.

"Did you never meet a man who made you forget his income?" suddenly demanded the blushing Grace.

The other laughed softly. "There was a man once who tempted me, he—well, he hated evening dress and he considered George Meredith inferior to Thackeray, and he had other defects. He was frightfully poor, so I recovered my senses soon. No, I prefer my comfortable spinsterhood—that reminds me, I am going to chaperon to-night. The Clary girls. Do you realize I am old enough to chaperon? It is a dubious pleasure at times, but this evening the play is good and they have promised that the dinner shall be excellent."

The younger turned toward the door. "Good-by, I am going to answer his letter. You need not sigh. Do you know I am a wee bit sorry for you, Agnes."

"For me? Really, there must be some truth in the idea that first love is a mental disease. Go—commit the fatal act, child, but listen—I'm sorry for myself sometimes; there, I wish you joy, dear, lots of it."

However, no memories troubled Agnes Graham's cheerful complacency as she followed the Clary girls and their youthful hosts into the dining room of the Livingstone.

The gay radiance of the room, the pretty gowns, and merry music, the brilliant flowers; the excellent and well-served menu, and the happy laughter of her companions roused her usually calm nature into a gentle state of exaltation. She watched with appreciative eyes the young things play at love, and talked on idly and pleasantly as the dinner wound its way through many courses.

Once, during a pause, the man next her, an employe at the state depart-

ment, with aspirations toward a diplomatic career, began a story which she half heard. "I call him a plucky fellow. He's over at that table in the corner. He deserves a better fate than death in some hole of a fever hospital."

These phrases vaguely reached her, and her eyes wandered to the table in the corner. Her color suddenly heightened, and she turned to the speaker. "The man in the corner, what did you say was his name?"

"Horton, as I was saying—"

"I am sorry I did not hear it."

"It's not so much, but the men at the office were talking about him today. He's a doctor, and has been professor of some little one-horse western college. Some friend of his was awfully hard up and wanted to be married and had a mother to support, and all that. Well, this Horton resigns and works this friend into the vacant place, and then to make them believe he does not regret it, gets a place down in South America, with some mining company, they say it's a regular fever hole, some of the boys in the office know the friend and told me. He sails Saturday, I believe."

"I think he was rather foolish, don't you?" said Miss Graham, quietly.

"Why, yes, I suppose so," assented the young diplomat. He had secretly regarded it as a rather fine thing, possessing certain romantic tendencies himself.

The party in the corner broke up, the men passing out near her table. She heard one of them ask Horton some question and his answer was audible: "Sorry, but I leave here on the 9:30."

The orchestra began with a flare of drums a two-step extravaganza.

Then Miss Graham told the lie of her life. "I do not feel very well. I am going out into the fresh air for a few moments. No, I will not allow anyone to come with me, not one of you."

Sweeping aside their protests she hurried into the vestibule and out to a carriage.

Which station should she order? She looked despairingly up and down the vast dimly lighted avenue. Suppose she made a mistake? At last with an unspoken prayer she named one to the driver.

The carriage dashed up the great street and she shrank back in the corner and tried to collect her confused thoughts. Once Grace's girlish little face with its happy smile flashed before her. "And I called her a fool," she whispered. "What if she saw me now?" Then a host of clamorous fears beset her. Suppose it were too late? The carriage stopped. They had arrived. She looked up as she stepped out at the vague, majestic outline of the capitol which loomed above her, and then beyond to where shone the

Happy Resident of the Sunflower State

Mrs. Helen A. Mauer, whose likeness is reproduced herewith, is a resident of Hays City, Kan., and about the happiest woman in the Sunflower State.

Mrs. Mauer has recently regained her health after a long period of illness, in appreciation of which she has given a statement for publication, as follows:

"For eight years I suffered from

stomach and kidney trouble, from which I was unable to obtain relief. I treated with several doctors and tried many advertised remedies, with disappointing results. My health declined until I became a physical wreck, with my vitality exhausted and my nervous system broken down.

"My husband, becoming impressed with an advertisement of the Cooper remedies, proposed that I try Cooper's New Discovery. I had lost faith in everything, but consented to do so. Much to my surprise it helped me, and I began to improve from the day I took the first dose.

"Now, after having taken the full treatment, I feel like a different woman—no more headaches, backache or dizziness. I am strong and well. That tired feeling is completely gone, and a pain I have had in my stomach for the past six months has disappeared. Cooper's New Discovery is simply wonderful."

We sell Cooper's New Discovery. Thousands of grateful people throughout the country have testified to its marvelous curative properties. Let us explain to you the nature of this remarkable stomach preparation. For sale at The Peoples Drug Store.

soft stars of a southern winter night. Then she entered the great building with a steady heart and walked anxiously up and down the aisles. He was not there, but it was only 9:15.

She watched the door with feverish eyes. How the men and women poured in! She heard a train called. Still he was not there. More people; always more people, but he did not come.

She strained painfully her anxious vision to catch a glimpse of the familiar figure. The minutes slowly passed. He must have gone to the other station. It was the just retribution of the even-handed gods.

Then her heart stood still. He came through the doors hastily, with the same old awkward gait, peering near-sightedly at the station clock.

She advanced with swift grace. "Good evening. You are a traitor to your old friends. Here in Washington and no word to me. I have been forced to waylay you at the railroad station."

His intense surprise was evident. "Agnes, Agnes Graham, you here! How did you know?" He stared at her evening gown and drooping roses. She answered, gayly:

"The newspapers are strong on distinguished visitors. Of course they mentioned you."

He flushed and shook his head impatiently. "You still speak falsely if occasion demand it, I see; however, it is delightful to meet you again. You look very well."

"So you are going away from your college life. Going to South America. You ought not to do it. Why should you? It is not worth while."

"You did not think Sandy City worth while, if I remember." He spoke sharply, with the same old tactless, naked emphasis.

Then the gatekeeper's voice roared over them: "Nine-thirty express for New York."

He started involuntarily and moved from her toward the exit. He began to mutter something about his pleasure at the unexpected meeting and his regret that he must say good-by.

She felt he was striving to utter the proper sentiment, to do the proper thing, and her heart grew sick at the thought that her wild attempt was about to fail. One moment more and she would be alone with a bitter memory for daily company, the secret knowledge of a terrible mistake. They stood at the gate now. He touched her hand and in her confusion her program slipped to his feet. He picked it up, glanced vaguely at it, then his face changed swiftly and he looked from it straight into her eyes. Then he took her gently by the arm and led her away.

"Let us find a quiet place and talk."

"But the train!"

"There are other trains."

"You must not stay just to gossip with me," she protested, feebly, but he made no response, only led her into a secluded corner and spread the program out upon his knee.

He read slowly:

"The Lafayette theater March 10,"

that is tonight. You have been there and you came away. You came to the station here. Be honest this once in your life and tell me why you did it."

There was a long silence. He looked at her with truth-compelling eyes. At last with cold and trembling fingers she unloosed one of her roses and laid it in his hand.

"Perhaps," she said very softly, "you do not want it; it is growing old and faded and it is not as sweet as it once was."

His fingers closed upon it.

"For me it is the only rose that ever blossomed."

TO OUR SUBSCRIBERS.

A number of our subscribers have received notices of the date to which their subscriptions are paid and other notices of the same kind will be going out. These notices are not sent with any desire to annoy or dupe, but to acquaint our subscribers with the fact that the Post Office Department insists that newspapers cannot be sent to any one more than twelve months in arrears as second class mail matter. This would oblige a discontinuance of the paper to those in arrears more than a year, as it is an impossible proposition to send the paper to those so in arrears and affix a one cent stamp for fifty two weeks in the year. We have been given to understand that this ruling may be enforced May 1st. We ask the indulgence of our subscribers for the notices sent out as well as for this reference. It has ever been our rule to keep these matters out of our columns. The ruling to be enforced is not ours but that of the Post Office Department and the only thing for us to do is to obey. We hope all in arrears more than a year who receive our notices and those who know they are so in arrears will respond at once, so that we may be prepared to comply with the orders of the Post Office Department so that the Compiler may go forward regularly to all our subscribers.

The Hanover "Record-Herald" surprised and delighted its many friends last week with an Historical and Industrial edition of twenty-two pages, printed on good book paper and finely illustrated and reflecting great credit both on the town and the plant printing it.

SIGN OF THE TIMES.

The Democratic victory in New York State should enthrone and encourage Democracy and those not in sympathy with the administration and the Republican failure to keep promises according to platform upon which Taft was elected. James S. Hovers, Democrat in a district that two years ago went Republican by 10,367, carried it last week at a special Congressional election by 5,551. This result shows 8,000 voters thinking and voting different from two years prior. This great Democratic victory can have but one meaning, namely, that the people do not propose to stand for the monopoly resting upon the most infamous system of tariff taxation that has ever oppressed the consumers of the country. The people have been deceived and entrapped by the platform of the Republican party in the last Presidential campaign. That party has not been true to its promises and the people are indignant. The victory teaches another lesson, that the best

Regulate Faking.

The Retail Merchants' Association at their meeting on last Friday evening discussed the problem of regulating "faking" in this place. There has been complaint from both tourists and the home dealers in the souvenir and card business of the manner in which the Gettysburg type of the American boy has been conducting the faking business in this place. They frequently annoy strangers in ways that must injure the name of the town and they sometimes develop a habit of butting in on local dealers who pay a mercantile license and maintain expensive establishments. A motion was adopted by the Association that an ordinance be drawn up and submitted to the Town Council presenting the views of the Association on the matter. The general sentiment of the Association is not to injure the business of the small boy in any way but to regulate him in such a way that he does not make a nuisance of himself to the tourists, or that he does not injure the merchant of the place. A committee was authorized by Association to present the matter to the Town Council, and Wm. Arch McClean, J. I. Mumper and John A. Cox were named as the committee.

Cook in Comfort

You no longer need wear yourself out with the weakening heat of an intensely hot kitchen. You can cook in comfort. Here is a stove that gives no outside heat. All its heat is concentrated at the burners. An intense blue flame (hotter than either white or red) is thrown upwards but not around. All the heat is utilized in cooking—none in outside heating.

New Perfection Oil Cook-stove

entirely removes the discomfort of cooking. Apply a match and immediately the stove is ready. Instantly an intense heat is projected upwards against the pot, pan, kettle or boiler, and yet there is no surrounding heat—no smell—no smoke.

Cautionary Note: Be sure you get this stove as that the name-plate reads "New Perfection."

THE DEATH LIST OF WEEK

HILLARY E. FORD, A W. M. R. R. EMPLOYEE KILLED AT WORK.

Dr. Leisearing Taken Fatally Ill at Funeral—Splinter Causes Blood Poisoning and Death.

HILLARY E. FORD of Hanover, a W. M. R. R. conductor, was instantly killed at York last Wednesday. He was riding on the step of a box car which was being shifted upon a siding at the cement works. The car jumped the track, crashed through the wall into the building breaking a steam pipe under which Mr. Ford was thrown and in a helpless position he was literally scalded to death as no serious bruises were found on his body. The steam was shut off as quickly as possible and he was hurried to an ambulance but death occurred before the hospital was reached. He was a son of the late James Ford of New Oxford, and was aged 48 years, and had been railroad-ing with the W. M. R. R. over thirty years. He was twice married, first to Miss Lizzie Staub, daughter of the late Ambrose Staub of New Oxford, who died 14 years ago. Three years later he married Miss Kate Rebling of Hanover, who survives with two sons and two daughters, eldest 12 years, and youngest 8 months. He also leaves two sons and two daughters by his first wife, Hubert and Clara of Hanover, Lester of Hagerstown, and Elizabeth of Midway. His mother, two sisters and a brother, all of Hagerstown, also survive. The funeral was held on last Saturday, Rev. M. V. Roth conducting services, interment in Mt. Olive cemetery, Hanover.

Rev. EDWIN H. LEISEARING, D.D., died suddenly at Middleburg, Pa., on Tuesday of last week, aged 59 years. He conducted a funeral the same morning about two miles from his home and became suddenly ill at the conclusion of the sermon and with difficulty ended the services. A physician was summoned but none could be reached at once and members of the congregation placed their pastor in a carriage and conveyed him to his home. On the way he became unconscious and so remained until the end. He was a native of Selinsgrove, graduated at Gettysburg College in 1873. He received his theological training at Missionary Institute and served pastorates at Catawissa, Muncy, Lewisburg, 18 years at Chambersburg, and in 1908 went to Middleburg. He was given degree of Doctor of Divinity by Gettysburg College in 1901. The funeral was on last Friday. He leaves a wife, two sons and a daughter, Lieut. Frank S. Leisearing of the U. S. A., in the Philippines, William G., of Chicago, and Mrs. Thompson of Middleburg.

WILLIAM B. STOCK died on last Friday at his home in Mt. Pleasant township, near New Oxford, aged 56 years, 7 months and 20 days. Death was due to blood poisoning, received by a scratch from a hemlock splinter several weeks ago. He married Miss Alice Diehl, a daughter of the late Jesse Diehl of the same township, 33 years ago, who survives him with four daughters and two sons, Mrs. H. W. Hart of Hanover, Mrs. Harvey Hoover of Carthage, Ill., Mrs. Myrtle Keister of Sunbury, Pa., Miss Ethel, Charles and Lloyd at home. He was the son of Mr. and Mrs. Levi Stock of Mt. Pleasant township, who survive with one brother, Uriah Stock of the same township. The funeral was on Sunday, services by Rev. Geo. N. Lauffer, interment in New Oxford cemetery.

GEORGE W. WARREN died on last Saturday morning at his home on Chambersburg street, after an illness of several months, aged 63 years, 11 mos. and 24 days. He had been in a Philadelphia hospital for treatment but without relief. The funeral was held on Monday afternoon, interment in the Evergreen cemetery. He is survived by his mother, Mrs. Lydia Warren, his wife, Mrs. Elizabeth Warren, a son, Edgar Warren, and four sisters and one brother, Mrs. Carrie M. Harrison of Philadelphia, Mrs. John J. Hill of Littlestown, Mrs. George Ketter of West Camp, New York, Mrs. C. F. Gress, and Thaddeus Warren of this place.

EDWARD WEAVER was found dead in bed in McSherrystown last Thursday, aged 82 years, 2 months and 21 days. He had been in failing health. He was a son of the late Henry Weaver of near Flatbush, Mt. Pleasant township. The funeral was on last Saturday at St. Mary's Catholic cemetery. He leaves two sons, F. A. Weaver of Hanover and Henry S. Weaver of McSherrystown.

MRS. PRISCILLA M. FOHL, widow of Lewis G. Fohl, died at Center Mills last Wednesday aged 63 years and 9 months. Funeral was on Saturday, with interment at Bendersville cemetery. She leaves four sons and four daughters, Erder Fohl of Biglerville, Harvey of Dillsburg, Charles and Avery, Mrs. Walter Wright and Mrs. James Martin of Harrisburg, Mrs. Calvin Rice of Centr Mills, and Mrs. Ezra Rice of Wewksville.

MARY K. SHEETS, daughter of Mr. and Mrs. Herbert Sheets of New Oxford, died on Monday night, April 18, from complications following measles and whooping cough, aged 4 years, 10 months and 24 days. The funeral was on last Wednesday, interment in

New Oxford cemetery. She is survived by her parents and three sisters.

SAMUEL K. FOULK of Huntington township, died on Sunday morning after a short illness from paralysis, aged 83 years, 1 month and 2 days. He lived in Gettysburg many years, from about 1846 to 1885. He was one of the charter members of the Gettysburg Masonic Lodge and interested in the development of the town in many ways. In 1881 he was elected County Treasurer, serving three years. He was a staunch Democrat, active in the interest of his party. Shortly after the expiration of his term as County Treasurer he removed to Huntington township where he has since lived. The funeral will be held today, Wednesday, interment being made in the Evergreen cemetery, having been one of the original lot holders when the cemetery was established. He leaves two sons and three daughters, Rev. David Z. Foulk of near York Springs, Norval, Misses Alice and Annie at home, and Mrs. Benjamin Eichelberger of New Cumberland.

DAVID BAUGHMAN died in Hanover on Tuesday of last week aged 91 years, 11 months and 21 days. He was a life long member of the United Brethren Church and one of the founders of Bart's U. B. congregation in Union township, and for years that congregation held campmeetings in the woods on his farm. The funeral was held on Friday, services by Rev. J. A. Seitz, interment at Bart's Church. He leaves six sons and two daughters, E. L. and Wm. G. of Illinois, David A. and Lloyd G. of Union township, John T. of East Berlin, Jacob H. of Hanover, Mrs. J. H. Stahl of Newton county, Ind., and Mrs. Ephraim Seil of Kentland. Forty-one grandchildren and 28 great grandchildren also survive.

DANIEL SANDERS, a well known resident of Hamiltonban township, died at his home near Fairfield on Sunday afternoon aged about 84 years, from catarrh of the stomach. He was born near Fairfield and lived his entire life in that community. The funeral was held yesterday, Tuesday, interment in the Union cemetery of Fairfield. He leaves a wife, four sons and seven daughters, Cornelius and Calvin Sanders of Hamiltonban township, Robert F. of Fairfield, James of Iowa, Mrs. Annie Sanders of Illinois, Mrs. Laura Wagner of Mason City, Iowa, Mrs. William Heyser and Mrs. Edward McCleat of Granite Hill, Mrs. Joel Muselman of Hamiltonban, Mrs. David Brown of Beaver Creek, Md., and Mrs. Andrew Sanders of Martinsburg, W. Va.

MRS. CATHERINE FUHRMAN, widow of the late Eli Fuhrman, died in Hanover on last Wednesday from paralysis aged 79 years and 28 days. She had fallen down a stairway in January and broken her left hip but had recovered from the injury. Two weeks ago she was stricken with paralysis. The funeral was on Saturday, interment at Sherman's Church. Her husband died 14 years ago. She leaves four daughters, Mrs. David Leppo of McSherrystown, Mrs. Daniel Wertz, Mrs. Peter Resh of York county, and Miss Alveta Fuhrman of Hanover.

MRS. ISAAC LAU of Spring Grove died on April 15 aged 72 years. Funeral services were held Monday of last week by Rev. M. L. Clare, interment at Holtzswam Church. She leaves besides her husband three sons and three daughters. Her maiden name was Miss Wehler and she is survived by two brothers and three sisters, all of York county except Mrs. Leah Fisel of East Berlin.

MRS. SUSANNA GOCHENOUR died in York on April 17 from pleuro-pneumonia aged 65 years. Interment took place last Wednesday at Lower Bermondian Church. She leaves four sons and three daughters, among the latter Mrs. John J. Bosserman and Mrs. Charles Altland of East Berlin.

MRS. LEWIS LEAH died at Allen Cumberland county on Tuesday of last week aged 60 years and 28 days. The funeral was on last Friday, interment at Mt. Zion Church. She leaves beside her husband eleven children living in Cumberland county and the West. She was a Miss Splinger and is survived by two brothers, John Splinger of Mt. Holly and William Splinger of Gardner's Station.

JOHN LITTLE, merchant and postmaster at Seven Stars died on last Saturday night aged 74 years. He has lived in Seven Stars his entire life and has been postmaster for the past fourteen years. The funeral was held yesterday, Tuesday, interment at McKnights-town. He leaves a wife and one son, Roy Little of Seven Stars, and is survived by one brother, Israel Little, who lives at Seven Stars in the old tavern stand, in front of which stood the old sign post with seven stars.

MRS. HEAGY, wife of Jacob Heagy, died at the home of her son in Reading township, on last Wednesday, having reached the advanced age of 89 years. The funeral was held on last Saturday, services by Rev. W. H. Miller, interment in the Hampton cemetery. Her husband died many years ago. She leaves two sons and one daughter, Josiah W. Heagy of Reading township, Samuel of Baltimore, and Mrs. Lippy of Maryland.

Fell Down Cellar Step.

On Sunday at noon the two-year-old child of Mr. and Mrs. John S. Ream of Highland township, near Hammers Store, fell down the cellar steps dislocating a shoulder and breaking an arm close to elbow. Dr. H. L. Diehl was called and adjusted the fracture.

The Philadelphia Record

prints every day in the year the undistorted news of the day, only weighing under mere sensation and snuff. The Record prints the actual markets, the record each day of actual transactions. Its market figures are the basis upon which the seller sells and the buyer buys on the date of its quotations. It is a recognized authority.

There is not other paper printed in Pennsylvania that takes such painstaking care to keep the farmers and merchants thoroughly posted.

There is no other paper that more strongly appeals to the general reader who reads to be informed.

There is no other paper printed in Pennsylvania of such wide circulation.

MACHINISTS WANTED on engine and turret lathes, planer, bench and assembly work. Steady job, open shop, \$16 to \$18 a week for reliable men, also one or two good machine painters. Apply in person or write to M. D. KNOWLTON CO., 29 Elizabeth St., Rochester, N. Y.

Two New Stores.

On last Saturday two new stores were thrown open to the public. On Friday the new five and ten cent store of S. E. Trimmer in the Fahnstock corner had an opening and the store was thronged day and evening. Saturday the selling began and the patronage was such as to convince the proprietor that his new store had been warmly welcomed to the place.

On the same day Plus A. Miller opened his new sanitary grocery store on the opposite corner in property he recently bought, known as the Sander's building. He has fitted the room with the latest equipment of a modern grocery store, the goods being protected under glass.

Tonic or Stimulant?

There is an immense difference between a tonic and a stimulant. Up one day, way back the next; that's a stimulant. Steady progress day by day toward perfect health; that's a tonic. Ayer's Sarsaparilla is a tonic, a strong tonic. The only Sarsaparilla entirely free from alcohol. Do not stimulate unless your doctor says so. He knows. Ask him. Do as he says. J.C. Ayer Co., Lowell, Mass.

Constipation is the one great cause of sick-headache, biliousness, indigestion, bad breath, dizziness, nervousness. Has your doctor ever recommended Ayer's Pills to you?

ALL OVER THE COUNTY DO YOU FEEL LIKE THIS?

AN UNUSUAL WEALTH OF BLOSSOMS OF ALL FRUIT TREES.

The Indications of an Unusual Advanced Season are for a Bumper Harvest.

Farmers and fruit growers are unanimous in the opinion that the season is about a month ahead in the growth of vegetation, blossom and tree. Many say that never in their experience has there been such a wealth of blossom. That all kinds of fruit trees are simply covered with beautiful bloom and speculation is rife as to what the harvest will be. The recent rains were wealth producing and have allowed all fear of any retarded growth as the preceding dry spell had occasioned. Farmers are speaking of the rains as the well known sheep rains and a number are proposing to plant corn as soon as they can get in the ground. If blossom time is any criterion of the harvest, a bumper year is ahead.

Mrs. Samuel Devine, two children, and Miss Frances Breighner of Edgegrove, were driving in Hanover last week when escaping steam scared the horse. Miss Breighner was thrown from the buggy and vehicle passed over her, badly bruising her leg and body. The animal ran several hundred yards before caught but no further damage was done to the occupants.

East Berlin was recently visited by two hobo thieves. They were caught while trying to get into smoke house of Burgess H. B. Jacobs. The house had been unlocked and when they were surprised at the point of the gun only one was in sight. He was told to get and the smoke house door was locked. Next day when unlocked the other thief rushed out and made his escape. It is believed that the hen roost thefts were made by the two. They have now disappeared.

Last week dogs ran a beautiful doe down from South Mountain into Caledonia Park and it fell exhausted on the green. Harry Furry who lives nearby saw the attack and, with his gun, rushing at the dogs, frightened them away. The animal after patiently resting for a time got up and returned to the mountain. A week before a frightened deer followed by dogs ran down to the park but escaped their assault before any harm was done.

Owing to the scarcity of priests in the Harrisburg diocese, caused by several deaths recently, the Paradise parish has again been connected with the Immaculate Conception parish of New Oxford. Hereafter on the second and fourth Sundays of each month Mass will be celebrated in the Paradise church at 7 o'clock a. m., and there will be only one mass in the New Oxford church at 10 a. m. On all other Sundays the services in Immaculate Conception church will be as heretofore. Mass on week days has been changed from 8 o'clock to 7 o'clock.

Monday, Jacob Altland, living on one of the Smyser farms near East Berlin, cleaned oats for seedling and placed it in the granary. The next morning when he went for the oats he discovered that some was missing but found a strange bag with the full name of a party who recently moved out of the neighborhood, in the granary.

Peach Yellow Cure

We notice in the city papers where State Zoologist H. A. Surface, hopes for a cure for the "peach yellow." For the benefit of the readers of the Compiler, and all others, and which may be of value to Mr. Surface, we give a remedy. 20 years ago father planted about one-half acre in peach trees, when about 3-12 years old they became yellow, about August, every person who saw the orchard said it had the yellows, and advised father to dig out the trees. One by the name of Jacob Gates, now deceased, of Gettysburg, and in the employ of father at that time in the wool mill one day told father if he were in his place he would take all the wood ashes from the furnace and throw them around the peach trees. Father employed a man to dig the sod away from each tree about two foot square, then he hauled up the ashes and placed four shovels full around each tree. This was in August, and the result was wonderful. The entire orchard took a second growth and by the time the late frosts came it found all the trees laden with dark green leaves and large new growths, and today there are a number of trees yet standing that yet bear fruit, 20 years old, and the orchard never had anything done since, or before the ashes were applied. When the orchard was five years old the yield was such that all the trees broke down. We believe hot live, such as Babbitt's or Banner, would be excellent for about the roots of peach trees that had the yellows. There are others living yet who are also ready to testify to the same.

Deafness Cannot be Cured

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; blue cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Sold by druggists, 75c. Toledo, O. Take Hall's Family Pills for constipation.

TOWN AND TOWNSHIP TALKS

HAPPENINGS, DOINGS, PERSONALS AND TALKS THROUGH-OUT ADAMS COUNTY.

INCUBATOR PLANT.

AMORISTOWN, April 22.—The incubator plant if M. C. Naugle is one of the interesting sights of this town. It is the only plant of the kind in the county. Many people have one or several incubators, but Mr. Naugle has about a half hundred, all in full operation and in all stages from the silent egg to the chirping chick.

In the rear of his residence he has a building nearly 100 feet long in which are arranged the incubators. The plant is made use of by farmers for miles around for the spring hatching of chicks. The plant begins early in February and is run until August. Most of the time about 9000 eggs are in process of development in the incubators and there is a long list of farmers on the waiting list and when the work has been finished in one incubator a notice has brought from a farmer on the list a new supply of eggs.

Mr. Naugle has worked out a very ingenious system of protection from fire. Near each lamp there is placed a piece of string and should anything go wrong with a lamp the strings would be instantly burnt and the part of the string releases a lever which gives an alarm both in the incubator building and at the residence of Mr. Naugle. Day and night he is prepared for any alarm and will be able to reach his plant at the beginning of any trouble from the lamps. B.A.

CONOWAGO ECHOES.

CONOWAGO, April 18.—Geo. Grove is remodeling his dwelling house and making improvements on the property recently purchased, and better known as the Long estate.

O. J. Worley has purchased a "New Way" check row corn planter of C. W. Hershey and will put same into operation in a few days.

J. H. Lausinger has erected a two-story annex to his dwelling and placed a porch along the front and side of the same.

The old brick dwelling known as the Gitt's Mill property has been razed and the bricks and mortar will be removed so that the last of the old familiar landmark cannot be seen any longer.

C. W. Hershey made a tour with his "New Way" gasoline engine and saw mill last week. He has been operating at the following places: Isaiah Ferry, John J. Baker, O. J. Worley, John Etzler, Howard Deitz, John I. Shaffer and Harry Bletner. At the home of John Etzler the following persons, Paul Krug, Harry Nune-maker, John Etzler and C. W. Hershey, sawed ten full cords of wood in four and one-half hours, making three cuts to most of the pieces.

Hezekiah Cronk of York, paid a visit to his father near Shriver's school house on Saturday.

Glen Forsythe, who resides on the farm of John Menges near McSherrystown, had a narrow escape one day last week. He was hauling logs to the saw mill of Wm. H. Lippy at Mt. Pleasant, to have same sawed into lumber for constructing the new barn. While in the act of unloading one of the gloves Mr. Forsythe was wearing caught on a knot and threw him underneath the log and but for the presence of mind of other employees in preventing the log from rolling, the accident might have resulted in more serious injury. Luckily he escaped with slight bruises and is able to be up and about.

James Confort and Leo Willet who have been confined to bed with pneumonia are able to be up and about again.

Curwin Houck of near Grangeville, has purchased a fine year and a half old colt from C. W. Hershey for \$100. This is the third colt Mr. Hershey sold this spring.

John Bucher of Mt. Pleasant is improving his property by erecting a picket fence in front of the same.

Mervin Myers left for West Chester where he will attend the State Normal School.

Wm. Unger of Mt. Pleasant returned home after spending several days with relatives at York. H.E.B.

Hanover and Littlestown Mails.

On account of the inauguration of mail-carrying service between Hanover, McSherrystown and Littlestown, the Hanover & McSherrystown Street Railway Co. will put into effect, beginning Monday, April 18, a new schedule, containing the following changes from the old schedules:

First car leaves car barn for Littlestown at 5:30 a. m., weekdays.

Leave Center Square, Hanover, 6:45 and 7:40 a. m., week days.

Commencing Monday, April 18, the mails to and from McSherrystown will be carried by the H. & McS. St. Railway Co. The mails were heretofore carried by teams. Mails for McSherrystown leave Hanover at 6:45 a. m., 12:40 and 6:10 p. m. Mails from McSherrystown leave at 7:30 and 11:00 a. m., and 7:05 p. m.

Mails to Littlestown at 6:45 a. m., from Littlestown 6:45 p. m.

A School Code.

Speaking of the conference on a new school code, Dr. Nathan C. Sheaffer, Superintendent of Public Instruction, says:

"It shall be our purpose to redraft the old bill, remove the most objectionable features, and then place it before the people long before the legislative election. The new bill will probably be completed so that it can be published in July.

"The educators will have sufficient time to digest it before the session of the Legislature, and candidates may be asked to declare whether or not they favor it."

BEAUTIFUL HOME TOWN.

NEW OXFORD, Pa. Apr. 21st.—The first impression our town gives to the visitor is that of a beautiful home town. Those who plotted the town were wise in giving us wide streets and a big breathing square which has been made beautiful with green of grass and trees. No matter what street you go on beautiful and substantial homes will be found, with well kept grounds and the usual expression voiced by the visitor is what a beautiful home town.

But New Oxford is more than this for it is one of most enterprising towns in the county and its various industries on the go, forming as it were the backbone of a progressive prosperity.

The contractor J. W. Eline of Littlestown for the new building of the Farmer's and Merchant's Bank of New Oxford is busy tearing down the property on the public square recently bought and as soon as site has been cleared will go ahead with the new building, which unquestionably will be one of the handsome buildings of our town conspicuously in the square.

The industries of the place give employment to between 150 to 200 persons, which in effect means that several hundred more are cared for by reason of the employment so given.

The E. C. Livingston shoe factory employs about one hundred people. This plant has steadily grown, additions have been made as it grew, new machinery installed so that the capacity of the plant has been double to what it was several years ago, turning out now 1800 pairs of childrens shoes daily. It is a busy place from the department where leather and lining are being cut by hand and the sewing die cutting machines, where the sewing is done, where the sole and heels are put on, on to the finishing department.

The New Oxford Shoe Company is a busy place. The Company has only taken charge of the plant within past few months and is being carefully developed and taking an important place in the development of the town.

The Frank L. Weaver manufacturing plant is an interesting place, where eight to ten are employed in the making of land rollers, wood saws, feed cutters, "Perfection Improved" kettle ranges, steel watering troughs and cast iron hog troughs. The plant has a ready sale for all articles built both at retail and wholesale. The Steel Watering trough, the invention of Frank L. Weaver is perhaps their most widely known product. The half round trough of steel boiler plate being held in place by steel bands at the ends instead of rivets and with rounded edges to prevent all injury to stock. Hundreds of these are made every year. The best seller is the cast iron hog troughs, as many as 2500 having been made in a single year. The kettle range is a good seller and has proven to be just the thing needed in the preparation of material for spraying orchards, and for butchering, boiling apple butter and many other uses.

Bond & Co., composed of E. C. Bond and Alexander Byer keep four hands busy in their carriage shops. They turn out handsome home made rubber tire buggies, surreys, Jenny Linds and other styles of vehicles. They also build butcher and milk wagons and in the course of a year will turn out about 50 new vehicles besides doing much repair work.

Jacob H. Hoover keeps his force of four to six hands busy the year around in the building of rollers and wagons and at all kinds of repair work to farm machinery and wagons.

The Livingston chain works is an interesting plant where they are fully equipped to turn out all kinds of chains for wagons and cow chains, but the making of chains has been temporarily suspended for the business has its busy and dull seasons. The plant does a general line of repair work.

Good warehouse properties, lumber and coal yards and large number of general mercantile houses make New Oxford a thriving and progressive town as well as a beautiful home town. J. W.

A Large Contract.

When L. M. Buehler the enterprising druggist, first offered a 50 cent package of Dr. Howard's specific for the cure of constipation and dyspepsia at half price, and guaranteed to return the money if it did not cure, he thought it probable from his experience with other medicines for these diseases that he would have a good many packages returned. But although he has sold hundreds of bottles, not one has been brought back.

L. M. Buehler wants every person in Gettysburg who has constipation, dyspepsia, headaches, or liver trouble to come to his store or send L. M. Buehler 25 cents by mail and get 60 doses of the best medicine ever made at half the regular price, with his personal guarantee to refund the money if it does not cure.

To those suffering with dizziness, headache, poor digestion, constipation and straining, Dr. Howard's specific offers quick relief.

SITUATION WANTED.—For all kinds of house work. Address Miss Edith S. Saultz, Orrtanna, R. D. 2.

Western Notes from Subscriber.

A few notes from this corner of the world—lowa—may not be uninteresting: Had a steady, cold winter until about March. Then a very mild month. Three windy days and one disagreeably cold one with twenty-seven fine ones, made out the month's complement. Fair weather held out until April 16th. Trees in bloom, gardens made, oats sown and some corn planted is the record. From 16th until today, 18th, we have cold, freezing, snow. The leaves of trees look droopy. Blossoms are killed and people seem worried. The long spell of fine weather ending so abruptly seems to have dazed them.

There were a great many sales this spring; prices running very high. Some hens brought over \$1.00 apiece. Horses were almost out of sight. Land is very high. Many sold out, some going further west, while a large number went to British America. Change, change, seems to be the bug in most Americans now. The race for the dollar has many contestants, but when grasped seems to fall in bringing contentment. The political pot is boiling but seems as badly mixed as the others. How glad we are to know that "Father's hand holds the helm."

—OBSERVER.

Admiral Schley on North Pole.

Dr. Frederick A. Cook, of Brooklyn and Chili, still has one solid supporter in his claim to the discovery of the North Pole in the person of Rear-Admiral Winfield Scott Schley.

"When, after careful and painstaking study of the subject, I reached a conclusion, it would take more than an Archimedian lever to move me. It was in that way that I studied the claims of Dr. Cook, and I have not changed and see no reason to change my belief that he really reached the North Pole."

In this fashion Schley disposed of a rumor that he, too, had abandoned Cook.

"It is my belief," he continued "that both Dr. Cook and Mr. Peary reached the Pole, and I think the best witness Dr. Cook has of the truth of his story is Mr. Peary himself.

"I cannot see how any fair-minded, impartial man can read and compare the written accounts of the two men of their trip, and of their records and observations, without coming to the conclusion that the one might have been written by the other and that they both saw what they described."

"There was glory enough, and money enough, for the two of them. They should have pooled

WEDDINGS.

SMITH-JOHNSON—The wedding of Miss Grace M. Johnson daughter of Mr. and Mrs. Thomas C. Johnson of Hanover and Robert T. Smith of Littlestown as announced in our last issue came off on Wednesday morning of last week. The ceremony took place in St. Joseph's Catholic Church, Hanover, the nuptial mass being celebrated by Rev. Father Thomas B. Johnson, of Harrisburg, brother of the bride, assisted by Rev. Father James A. Huber of Hanover and Rev. Father Rice of Harrisburg. Miss Elvretta Ellen Johnson, sister of the bride was bridesmaid and Charles B. McCall of Harrisburg best man. The bride is a graduate of St. Joseph's Academy, McSherrystown and the groom a graduate of St. Mary's College, Emmitsburg and is teller in the Littlestown Savings Institution. Mr. and Mrs. Smith will be at home after May 23rd for their many friends in their newly furnished home in Littlestown.

NELL-SMITH—John Nell, a son of George Nell of Reading township and Miss Maude Smith, daughter of Mr. and Mrs. David Smith of Bernadine were united in marriage on April 14th by Rev. Spoke of Wellsville. Mr. Nell has been living in the far west but two months ago came home on a visit and met the bride. They left on April 15th for Montana where they expect to make their future home.

BLOOMER-CLAYBAUGH—Miss Katharine Claybaugh, youngest daughter of Chief Justice and Mrs. Claybaugh of Washington and George Beale Bloomer were united in marriage on Saturday 16th in St. Thomas church, Washington.

INVITATIONS are out for the wedding of Hon. Frank B. Wickersham of Steelton and Miss Ruby Seacrist of Franklin County in the Lutheran church at Greencastle on next Wednesday May 4th. Mr. Wickersham is well known in this county, having appeared in various matters in our courts, and has addressed meetings of the Royal Arcanum on several occasions.

DIEHL-DAYHOFF—On April 20th at Greencastle D. Leslie Diehl, a graduate of Gettysburg college in class of 1903 and Miss May Flemming Dayhoff were united in marriage. They will live in Harrisburg.

Town Council on Trolley.

The Town Council held a special meeting last week and passed the following resolution:
That a committee of three be appointed to interview the officials of the Gettysburg Railway Company as to what will be done in regard to improving the road bed and rolling stock and that the committee be instructed to notify the officials that unless said electric railway bed and rolling stock are improved and put into good shape, the Council will then take legal steps to stop the operation of said electric railway in the borough.
President Trostle named as the committee Councilmen Butt, Kitzmiller and Codori. It was said at the meeting that promises had been made by the officials that when the company was reorganized the property would be put into better condition and it was alleged that these promises had not been fulfilled.

SHERIFF'S SALE.

IN pursuance of a writ of fieri facias, issued out of the Court of Common Pleas of Adams County, and to me directed, will be exposed to public sale on **SATURDAY**, the 21st day of MAY, 1910, at 2 o'clock in the afternoon at the court house in the borough of Gettysburg, Adams county, Pa., the following real estate, viz:

A TRACT OF LAND situate in Cumberland twp., Adams Co., Pa., containing 13 acres and 59 perches of land, adjoining lands of A. C. Fleck, H. E. Rothaupt and Grafton Racer, improved with a story and a half dwelling house, barn, hog pen, summer house, well of water and some fruit trees.

Seized and taken into execution as the property of Henry C. Crouse and to be sold by me.

ALSO
A TRACT OF LAND situate in Freedom twp., Adams county, Pa., containing 30 acres and 108 perches of woodland, adjoining lands of H. E. Rothaupt, Joseph Grimes, S. S. Moritz, Sarah Albert, D. Rhodes and Annie S. Bishop.

Seized and taken into execution as the property of Henry C. Crouse and to be sold by me.

ROBBING THE PEOPLE
A Startling Discovery

The people have just discovered that the sulphur that they have been paying 4 to 5 cents per pound for, they can buy at 3 cents a pound at Hammers store, out at Marsh creek, and those shoes marked \$3.00 in the show windows elsewhere, are only \$2.00 at Hammers. The York Champion Shoe sold everywhere at \$2.50, you get at Hammers for \$2.10, we make 10 cents and the people 40 cents buying at Hammers. Hammers has no expense but his boarding, and 10 cents profit on a pair of shoes, "Cash" is better than to sell them at \$2.50 and never get principle or profit. We have now \$500.00 stock of New Footwear for men women and children. Follow the crowd and you will find the place.

RECORD YOUR DEEDS

By an Act of Assembly of 1893, "All Deeds and Conveyances shall be recorded within ninety days after their execution, or shall be adjudged fraudulent and void against subsequent purchasers."

Also the Act of Assembly of 1909, prescribes a short form of Deeds, and "again requires the recording to make them valid."

It is also a great protection against loss or deed being burned by having them recorded, and costs but a small sum, compared to getting a new deed. Bring or send them into the Recorder's office, and in a few days they will be returned to you.
